David: I see you landed yourself a book deal, congrats~
David: !
David: (so jelly)
me: thanks brah
David: does this mean that, if I got my shit together and put together a manuscript, you'd be in a position to get a publisher to glance it over? </totally self-serving bullshit>
me: sure
David: how's things otherwise? I'unno about you, but I couldn't have imagined a year ago things would have progressed so far, so fast...
David: (and yet, everything we've seen seemed inevitable, even back then)
